Sterilization/Microbiology Technician

Abbott Vascular - Temecula, CA

March 2015 to December 2016

Temecula, CA March 2015 - December 2016

Division of Abbott, global leader in cardiac and vascular care medical devices.

Sterilization/Microbiology Technician

- Created and validated an automated spreadsheet determining if product loads are within sterilization limits using white box testing.
- Responsible for the execution of ethylene oxide sterilizer validations. Responsibilities included preparation of test/validation protocols, building test materials, data collection, coordination of sterilization and load logistics, maintaining equipment calibration, execution of protocols, report preparation, and documentation review.
- Optimized the sterilization validation load which led to greater product throughput and a CIP of \$1.8Mil.
- Completed 14 validations of 13-15 pallet ethylene oxide chambers at contract sterilizer in Los Angeles, CA and Alajuela, Costa Rica.

- Validated sterilization processes/cycles and associated software. Calculated Sterility Assurance Levels and process residues to confirm sterilization processes met the requirements for sterility and patient safety per ISO11135:2014.
- Followed cGMP guidelines and regulations per FDA 21 CFR 210/211.
- Experienced with operating under the requirements of ISO13485, Quality Management Systems.

Shift Supervisor

Starbucks - Oceanside, CA

August 2013 to March 2015

- Assisted Store Manager in execution of store operations.
- Maintained Starbucks values and standards during high volume or unexpected events.
- Provided training using positive reinforcement and gave feedback to Store Manager on individual performance.
- Ensured proper cash management and handling during shift.
- Effectively and positively directed the work of others.
- Utilized interpersonal skills to provide excellent customer service and manage team.

Paralegal

Malcolm Cisneros, LLP - Irvine, CA

September 2011 to May 2012

- Expertly reviewed Bankruptcy Cases, Plans, Motions, and other Pleadings.
- Filed Claims, Plan Objections, Case Status Reports, and various Oppositions.
- Regularly scheduled hearings for Civil and Bankruptcy Courts.
- Advised and assisted teammates on Bankruptcy procedures and rules.
- Updated clients directly and through vendors.
- Kept thorough records of case events and files.
- Performed audits reviewing handling of cases and audits for law firm's compliance to regulations for Fannie Mae and Freddie Mac loans in default.
- Tracked hourly billing.
